

# Ku-ring-gai High School

## Day 1 Term 3 Welcome

Ku-ring-gai High School upgrade – exterior of new hall

## Welcome to your new school facilities

We're excited to welcome you to your new facilities which are ready for you to use. The upgrade to your school includes:

A new multipurpose hall

A visual arts and performing arts space

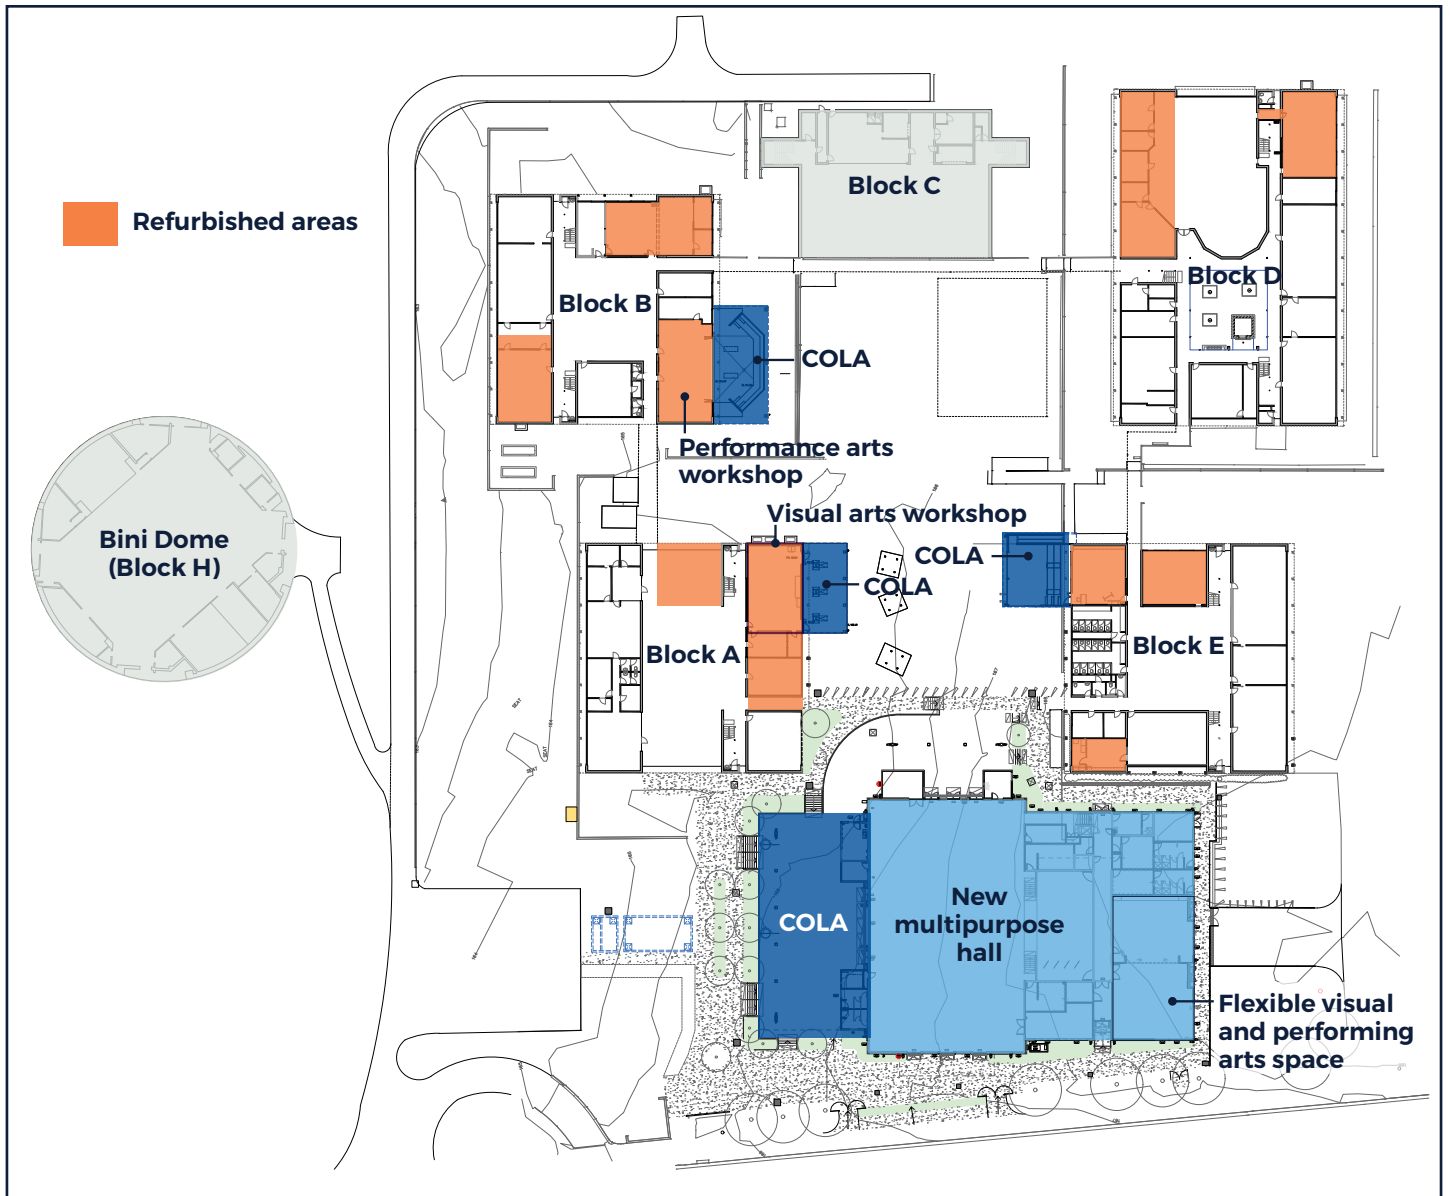

Refurbishment of **15** of the school's existing learning spaces

Covered outdoor learning areas

We would like to thank you for your patience as we have delivered this upgrade to the school.

Your support and cooperation has made it possible for us to deliver these new facilities for the students and staff of Ku-ring-gai High School.

## Message from your Principal

We have been officially handed the keys to the new multipurpose hall. After three years of planning and construction, our vision has become a reality. What amazing facilities we have been gifted!

We also finished moving into the newly refurbished learning spaces in Term 2 with teachers relocating their resources and students exploring the beautiful classrooms. Our teachers have been working for three years to develop our pedagogy (way of teaching) and embed this into our practices so we are ready to provide high quality learning experiences for our students to prepare them for the future. It's a very exciting time for us as a school community.

**Terri-Anne Kamasz, Principal**

## New innovative learning environments

The upgrade to Ku-ring-gai High School has now been completed. This exciting project has delivered innovative learning environments for the next generation of young minds.

Innovative learning environments offer flexibility where teachers can provide opportunities for student engagement. The learning spaces:

- are adaptable to accommodate small or large groups
- include learning centres with flexible spaces that allow students to use technology in a variety of settings
- provide opportunities to enhance skills in collaboration, communication, critical thinking, problem solving and creativity.
