

How to connect to the DETNSW Wireless Network

Windows 10

- 1. On the bottom right of your screen you will see a wireless icon, click on it (Red Circle).
- 2. You will see a Wireless Network called "detnsw" click to connect

3. You will then be taken to a new Window where you can enter your network credentials. Enter the credentials with @detnsw at the end of the username

← Settings				- 0	3
