How to connect to the *NSWDET* Wireless Network

Windows 8 laptops

1. On the bottom right of your screen you will see a wireless icon, click on it

2. Click on the **nswdet** network

3. Click **Connect**

4. Click on **Connect** when you are presented with this screen.

5. Enter you DET Username and Password with **@detnsw** at the end of username.

E.g John.Doe@detnsw

Click OK after you have entered your details.

6. When you open up your browser your will be prompted to enter your DET credential again, this is the same as what you do on school computers.
